- * Things to consider: Where is the defense playing? How fast is the lead runner? Does 1 run win the ball game for you or do you need more than 1 run?
 How well does the 3rd basemen field bunts? How well does pitcher field bunts? How well does 1st basemen field bunts?
 What might a fake bunt do to change the defense? Does the 2nd basemen or shortstop cheat towards 2nd with a runner on 1st?
- ** What is your coaches strategy in this situation? What has the pitcher being throwing to other players?
